Helsinki 10.2.2012

Die Oberbayern band played in our customer's Oktoberfest event in Helsinki 14.09.2011. Our customer hoped for a German band and an original and uniq German atmosphere which Die Oberbayern truly offered! The 400 people audience, the production crew and the end customer all thought that the band acted very professionally both in pre-production phase as in the event itself. We can warmly recommend the band to other events especially with big crowds!
